## MANY PILGRIMS TO SEE HARDING

Indianapolis Among Cities Which  
Will Send Delegations to  
Marion Front Porch

## PHONOGRAPH ENLISTED

Records Will Carry Nominee's  
Speeches to All Sections  
of Country

Marion, O., Aug. 6.—Senator Harding today received another string of visitors, swept through a bale of accumulated correspondence, disposed of miscellaneous details that have been awaiting his attention at headquarters, and then set out for a 16-mile automobile ride, his first real diversion since this week from the cares of the campaign.

One of his odd jobs during the day was to make five campaign speeches. His only audience, however, was the operator of a recording apparatus for phonograph records and the speeches all were excerpts from his previous public deliverances. The records are to be distributed by the Republican National committee as a means of carrying the "front porch" campaign into every locality.

As a result of the candidate's political conferences, his headquarters announced tonight that one of the first big delegations to come from outside of Ohio for a "front porch" speech, would be from Indianapolis, August 23 was set as the date.

## Democrats Deny Harding's Statement

A sharp reply was made today to reports quoted last night in a statement by Harding headquarters regarding organization of a Marion delegation to attend the ratification of Governor Cox at Dayton. Newspaper stories were quoted in the statement as charging that the delegation was being padded out from neighboring towns and free transportation was being offered. In response, the Marion committee on arrangements, headed by Judge William F. Spencer, of the probate court, published today the following notice:

"Our hundred dollars' reward will be paid to anyone furnishing proof to show that any person connected with the Democratic national, state or county committee, or the committee named to arrange for a special train to Dayton, has indirectly given or offered free transportation to any member of the delegation making the trip to Dayton Saturday. This does not apply to railway employees traveling on passes."

## Harding's Front Porch Calendar

Eight more dates on Senator Harding's front porch calendar were announced today, and in addition his headquarters made public a list of delegations who have asked for appointments but have not yet been assigned.

The dates definitely set are scattered from next Monday to Sept. 25, and it is expected that most of those on the waiting list will eventually be given appointments within that period, leaving the last month of the campaign free for such speaking trips away from Marion as the candidate may decide to take.

The delegations booked for definite days are as follows:

Aug. 9, representatives of the Society of American Indians, founded several years ago by Indian students at Ohio State university. Senator Harding does not expect to speak.

Aug. 13, members of the Ohio Republican Editorial association. The program includes an address by the nominee.

Aug. 18, the Lumberman's association of the Marion district will hold a picnic here, and Senator Harding will attend, but probably will make no speech.

Aug. 19, members and former members of the Ohio General assembly, both Republicans and Democrats. Senator Harding will speak.

Aug. 21, Republicans from Lake County, Indiana. Whether the candidate will speak has not been announced.

Aug. 26, Republican governors of a number of western states. A program of addresses will be arranged dealing with conservation and development of public resources.

Sept. 3, a delegation of business men of foreign birth who have become naturalized citizens. No address announced.

## HOLD MRS. SCHULTZ AS WITNESS

Young Woman With Dreams of Stage  
Life Is Told To Forget Them  
by Judge Schwab

New York, Aug. 6.—Mrs. Ruth Schultz of Toledo, O., who under the stage name of Ruth Jackson had been held in connection with the suicide of Dr. Jose Arenas here last Saturday night, was released as a material witness by magistrate Joseph Schwab in West Side court today.

In dismissing the case, Magistrate Schwab advised Mrs. Schultz to forget her ambitions to become a theatrical star and in the future remain with her husband in Toledo.

Apparently greatly moved by the magistrate's advice, Mrs. Schultz fainted as her case was dismissed, but she quickly revived and left for Toledo, accompanied by her husband.

## IRISH COERCION BILL HAS SAFE MAJORITY

Measure Is One of Set Designed  
to Restore Order in Ireland,  
Its Sponsors Declare

London, Aug. 6.—By an overwhelming majority the government this evening jammed through the Irish coercion bill, designed to restore order in Ireland. Lengthy debate preceded the voting in the house of commons, but lacking the presence of Premier Lloyd George and Herbert H. Asquith, they did not stir the interest which attached to yesterday's discussion, and were far less acrimonious.

A notable exception was a furious outburst by Joseph Devlin, nationalist member from Belfast, who defied the authority of the house to bring him to order and precipitated an exciting scene, as a result of which he was suspended.

For a time it seemed as though there was no way for suppressing Mr. Devlin, except removing him bodily. He unloosed a flood of invectives against the bill, demanded that Mr. Lloyd George be summoned to "share responsibility for this iniquitous measure," and vehemently asserted the reason the Premier was absent was that he might conceit another war with Russia.

## May Imprison Anywhere

Washington, Aug. 6.—Any persons upon whom sentences of imprisonment have been passed in Ireland could be conveyed to and detained in any prison in the United Kingdom under terms of the Irish coercion bill, which passed the third reading today in the British House of Commons and the text of which were made public here today by the British embassy.

This section of the measures applies to persons already sentenced as well as those who may hereafter be sentenced.

In general, the new law would transfer the duty of crown tribunal in Ireland to court marshal. The military courts also would take over the duties of foreigners and would have the power to decide cases without jury.

## PLAN TO WAR AGAINST MUNITIONS SMUGGLING

Co-operation With U. S. Military  
Commander in Lower California Part of Scheme

Washington, Aug. 6.—American counsel Boyle at Mexico City, Mexico, was instructed by the state department today to co-operate with the U. S. military commander at Calexico, California, in preventing the smuggling of war materials across the border.

The instructions were issued under President Wilson's proclamation of July 12, 1919, forbidding the exportation of arms and munitions of war to Mexico.

In response to an informal inquiry through the American embassy at Mexico City, regarding the possibility of closing the American port on the lower California frontier, the department, it is said today, has taken the stand that such closure is impossible without congressional action. Every effort is being made by the department, it was officially announced today, to prevent infractions of the United States neutrality laws either by American citizens or aliens residing on the American side of the frontier.

## STRIKERS WOULD RETURN

Washington, Aug. 6.—The United States board of mediation and conciliation failed today to hear a delegation of striking railway employees, headed by John Grunau, president of the Chicago Yardsmen's association, appealing in behalf of men anxious to return to work. Members of the board were not present and the delegation was informed by the secretary that it would be necessary to file formal application asking for consideration of their claims.

## REPATRIATE 35,000 SOLDIERS

New York, Aug. 6.—Plans for repatriation of nearly 35,000 former soldiers of the central powers held as war prisoners in Siberia, were announced here tonight by the Siberian war prisoners fund. Allied governments, with the co-operation of several American relief organizations, have arranged for a ship to leave Hamburg for Vladivostok.

Of the developments along the eastern defense line, the word from the front shows that after a halt of several days, while reinforcements were brought up and supplies forwarded along the river, the Bolsheviks forced crossings of the Bug at a number of places. At one point, southeast of Ostrov, the Soviet troops are reported to have crossed the river in large numbers.

## FEATHERS WORTH \$50,000

New York, Aug. 6.—With the seizure of bird of paradise feathers, said to be worth \$50,000, as they were being landed from the Italian ship "Duca D'Abruzzi" here today, revenue officials believe they have uncovered a ring of smugglers who have brought a million dollars' worth of prohibited plumage into the country. Two of the vessel's crew were arrested.

## AUTO THIEVES AT BAY

Webster, Mass., Aug. 6.—Two hundred citizens armed with shot guns and pitchforks surrounded a swamp to night after two men in an automobile chased by 20 taxicabs filled with police had driven them to cover and exchanged several volleys. The men are said to have been doing wholesale automobile stealing.

## POLAND'S PLIGHT GRAVE BUT EASIER

Conference to Decide Upon Future  
Course of Events Arranged  
By French and British

## POLES ARE STUBBORN

Bolshevik Offensive on River  
Bug Has Been Arrested, Warsaw  
Dispatches Claim

Johannesburg, East Prussia, Aug. 6.—A report that the Polish government has fled to Posen and that the Soviet forces are only 40 kilometers from Warsaw is printed in the Johannesburg Zeitung today.

The report is alleged to have emanated in Warsaw.

London, Aug. 6.—The Polish crisis is still grave, but as a result of today's developments, it is regarded as being easier. There has been no rupture in the negotiations with the Russian delegation. Much, it is now held, will depend on the attitude of France.

It has been decided that Premier Lloyd George, who will be accompanied by Field Marshal Sir Henry Wilson, will meet M. Millerand, the French premier and Marshal Foch Sunday either at Folkestone or Boulogne to decide upon the future course of events.

After a cabinet council today, held to consider the answer of the Soviet government to the British representations, and which were regarded on the whole as conciliatory, Mr. Lloyd George and Andrew Bonar Law were in conference with Soviet representatives for more than five hours. It is believed that if France is willing, Mr. Lloyd George will agree to peace being negotiated direct by Poland and Russia. It is generally granted that in accordance with the practice of previous wars, Russia is not called upon to suspend operations until an armistice is signed. The Polish delegates to the Bolshevik conference were expected to arrive in Minsk today and begin negotiations.

Warsaw dispatches claim that the Bolshevik offensive on the river Bug, having been arrested. It is clear that the Poles are putting up bitter resistance.

The British labor party is taking a strong stand in the matter of the Polish-Russian situation with a view to arousing the country against war with Russia.

## Warsaw's Fate In Balance

Paris, Aug. 6.—The fate of Warsaw still hangs in the balance. The latest news reaching Paris tonight, which was somewhat sparse, indicates that the Bolsheviks are making little progress; that the impulse which carried them forward continuously during the past week has spent itself, but that they are apparently gathering forces for a fresh onslaught.

Military observers here still cherish the hope that the situation may yet be saved.

"The situation of the Polish armies, although most critical, by no means is desperate," writes Right General Delacroix in the Temps, "since they still have resources and are disputing foot by foot all the territory of the Vistula and the San. All depends on their powers of resistance and the means at their disposal. In war despair is only justified when moral strength and the power of reaction are destroyed. That is not the case with Poland."

Advices received by the French foreign office from the Polish front give the impression that there has been a lull in the fighting and a stabilization of the line during the last two days. The foreign office has no official confirmation of the report received from Warsaw that General Maxime Wergand, assistant to Marshal Foch, has offered to assume supreme command of the Polish army.

## Line of Defense Pierced

Warsaw, Aug. 5.—The defensive line east of Warsaw has been pierced in several places, according to reports from the front. Preparations have begun for transferring the government if that move is necessary because of the Russian advance. The officials, however, still hope the Soviet forces will be checked somewhere east of the Vistula.

No announcement has been made as to what place the government would move to, but it is reported it would be Posen or Czestochowa, 143 miles southwest of Warsaw, near the Silesian frontier.

Of the developments along the eastern defense line, the word from the front shows that after a halt of several days, while reinforcements were brought up and supplies forwarded along the river, the Bolsheviks forced crossings of the Bug at a number of places. At one point, southeast of Ostrov, the Soviet troops are reported to have crossed the river in large numbers.

## Russian Troops Cross Bug

Tonight's communique from headquarters announced that the Russians had forced the Bug in the region of Drohiczyn (about 70 miles east of the capital), this being a part of the Soviet movement to outflank the defenders of Warsaw and push on toward the Vistula. The Poles counter-attacked and fierce fighting is continuing.

Between Drohiczyn and Brest-Litovsk, the communique continues,

the Poles launched a counter-attack against the Russians who had crossed the Bug below Brest-Litovsk. In the region of Brest-Litovsk, which is in the hands of the Russians, they recoiled for an attack which compelled the Poles to evacuate Terespol, just to the west of the river.

Russians Gain North of Warsaw.

There was fighting at various points to the south, but without gains for the Russians.

The Soviet troops have been checked in the westward push along the Prussian border, the statement announces. They have reached Myszenie in an advance apparently designed to bring them to the Warsaw-Danzig railway. Military observers assert that this is part of the Russian outflanking movement planned to encircle the capital, thus saving the heavy losses which would result if Warsaw were attacked directly.

Russian gains are conceded north and east of Warsaw, where the Soviet forces are regrouping for what may be the final exertion in their attempt to bring Poland to their terms of peace by directly threatening her capital.

In the center of the front bearing down upon Warsaw from the north-east, the Russians, according to the communique, are being held along the Ostrow-Czerwony line to the Bug.

Owing to the desperate situation on the front nearest Warsaw, the Kosciuszko squadron, the air force composed mostly of Americans, attached to the Polish army, is being transferred from the southern front. The squadron will aid in the defense of the Polish capital.

The American consulate in Warsaw will be closed on Friday and Consul Rankin is making preparations to depart Friday night. Most of the records already have been shipped away.

The American legation here is also prepared to close within a very few days. The legation employees have shipped their baggage to Camp Grappe, the emergency headquarters of the American typhus expedition.

## Persians Plan Evacuation

Washington, Aug. 6.—Because of the rapid advance of the Bolshevik army, the Persians are preparing to evacuate Tehran, their capital, the state department was advised by John L. Caldwell, American minister to Persia.

This was the first news to reach the American government that the Bolshevik advance in the near east had threatened the Persian capital. The probability of a drive in this section had been expected, however.

Situation Shows Improvement.

Paris, Aug. 6.—Russian Bolshevik forces which have been attacking the Poles northeast of Warsaw for the purpose of cutting communications between that city and Danzig seem to have been checked, for the time being, by the desperate defense of the Polish armies. Dispatches received here appear to indicate an improvement in the military situation in that sector of the front.

Observers are inclined, however, to look on the fighting near Brest-Litovsk, east of Warsaw, with some concern, as the Bolsheviks have massed large forces in an effort to break through there. It is felt that the outcome of the battle now being waged in that region may decide the fate of Poland.

It is possible the apparent slowing down of the Soviet attack in the north may be due, however, to difficulties encountered in bringing food, munitions and reinforcements to the front over country roads that are believed to have been thoroughly wrecked by the Poles. If this is the case, the Poles may be given only a brief breathing spell before being called upon to meet the impact of another tremendous drive toward their capital.

While their comrades were launching a counter-offensive in the north, the Poles fighting on southern sectors of the line have struck back at the Bolsheviks and have driven them from territory that they had won in Galicia. In this region, however, there is reason to believe the Soviet armies are not so strong nor so flushed with victory as they have been further north, where the Polish line has been crumpled up by the attacks launched against it.

Rumania has begun the concentration of forces in Bessarabia. Whether this move is for the purpose of relieving the pressure against Poland or to force the withdrawal of Soviet troops now on Rumanian soil has not yet developed. A Geneva dispatch indicates considerable Bolshevik unrest in Rumania.

Conversations between the French and British governments relative to steps to be taken to induce the Bolsheviks to hold their attack, or to help Poland, went on all day yesterday, but no official announcement on the subject has yet been made.

## Ostrov Is Evacuated

London, Aug. 6.—A semi-official message from Warsaw filed last night says the Poles have evacuated Ostrov, between the Bug and the Narew rivers, 25 miles southwest of Tomasz, and about 35 miles northeast of Warsaw.

The dispatch declares that Polish officials believe that the present rate of advance, if maintained, would bring the Russians into Warsaw in seven to ten days.

## CANTU OFFERS TO SURRENDER

Noqates, Ariz., Aug. 6.—It became known here today that Governor Estaban Cantu has offered to surrender possession of the executive office within two weeks on condition that provisional President De la Huerta's sending federal troops into lower California.

## MORE LIVES LOST IN DENVER RIOTS

Three Men Are Killed and 13 Injured  
in Outbreak Among Strikers  
and Their Followers

## LEGION MEN DON KHAKI

Uniforms, Once Laid Away, Are  
Again in Evidence As Ex-Servicemen Do Police Duty

Denver, Col., Aug. 6.—Three men were killed and 13 injured when rioting was resumed at striking street car men and their sympathizers at the East Side car barns tonight.

The mob advanced toward the barns and were met with a volley of rifle fire from guards outside.

They were armed with army rifles, shotguns and revolvers. All theatres, including moving picture houses, in the downtown district were closed tonight. Citizens were requested by Mayor Bailey to remain at home.

Demonstrations Strike Order Recalled.

Judge Whitford, in the district court this afternoon, ordered leaders of the striking street car men to immediately recall the order issued last Sunday for a strike on the Denver tramway system. The judge found seven officers and executive committee members of the Carmen's union guilty of contempt for calling the strike.

The strike leaders were alleged to have violated an injunction secured by the city several weeks ago restraining the company from reducing wages and the men from striking. The men now are striking for higher pay.

Between 400 and 500 American Legion members, wearing the uniforms which they wore during the World war, are patrolling the outlying districts of the city tonight, to relieve the regular policemen for duty in the downtown districts.

Machine Guns Are in Use.

Armored motor cars equipped with machine guns patrolled the streets and machine guns were mounted on top of buildings near possible trouble centers. More than 1,000 civilians volunteered to assist the police force in maintaining order.

In the rioting that began late in the afternoon, eight street cars were wrecked, the office of the Denver Post partly demolished, and damage done to car barns in widely separated sections of the city.

The dead: Blake, shot and instantly killed; A. G. Smith, Denver, died of bullet wounds.

The riots followed the first successful effort of the tramway company to carry passengers on street cars manned by armed strikebreakers. Two cars were blocked by a motor truck just as a parade of strikers and sympathizers was passing. Someone threw a brick and the paraders attacked the cars and crews. Car windows were smashed, protective screens torn off and strikebreakers badly beaten before police could restore order. One man was shot in the foot.

The Denver "Post" was the next object of the mob's attack. That paper opposed the strike. Every window in the place was broken, presses hammered and sand thrown into the rollers; the business office wrecked, records and fixtures being thrown into the street; the engraving room was demolished and type and linotype matrices scattered through the composing room. The publishers said they would attempt to publish this afternoon.

Several Hundred Shots Fired.

While the mob was still at the "Post," another crowd had gathered at the East Denver car barns and a third mob had attacked the South Denver barns, where 150 strikebreakers, who had arrived during the day, were housed. Several hundred shots were fired at the latter place, at which the two fatalities occurred. This mob did not disperse until well after midnight.

While police were engaged in quelling these mobs, four street cars which had been waiting in a residential section for the trouble down town to abate, were attacked by a crowd of 5,000 persons. The cars were overturned and the strikebreakers, after receiving a severe beating, sought refuge in the Cathedral of the Immaculate Conception and were saved by intervention of priests until rescued by the police. An attempt was made to burn the cars, but serious damage by fire was prevented.

Mayor Bailey, Governor Shoup, Chief of Police Hamilton Armstrong, who was injured earlier by a flying brick, and other city officials were in conference during the evening at the state house considering the advisability of asking for federal troops. A decision was reached early today to rely on volunteers and special policemen. A. H. Burt, international organizer for the union, and President Siberg of the local union, in statements issued last night, deplored the mob violence and disclaimed all responsibility for the strikers.

Mob Surrounds City Hall.

General Manager Hild of the company, announced early today that cars would be run today.

A crowd surrounded the city hall for a short time last night and an angry mob was restrained from attacking the tramway building, where the majority of the strikebreakers are housed, by a strong armed guard, which

## COUGHLIN BABY ALIVE SUSPECT TELLS POLICE

Crook Also Threatens Accomplishes With Exposure If Child Is Not Released At Once

Philadelphia, Aug. 6.—Edward Coughlin is alive according to statements made by Augusto Pasquale to Captain of Detectives Sonder and Major Adams of the state police, after a severe cross examination here today.

"Well, the kid is alive, what are you worrying about?" he is reported to have said.

Pasquale further declared that unless the baby is returned to its parents in 24 hours he will tell the police who his accomplices are. The man broke down after having been 36 hours under the lash of cross examination.

He declined, however, to give the whereabouts of the missing baby. Pasquale is also said to have admitted that he was the "crank" who had obtained \$12,000 ransom from George H. Coughlin, the child's father. The latter identified Pasquale's voice over the telephone as that of the man who had negotiated with him over the telephone.

Pascol, who is also known to the police as Pasquale, and who has served prison terms in this and other cities, admits, according to postal inspectors, that he went to Egg Harbor last Monday to get \$10,000 which Mr. Coughlin was to throw from a train as additional ransom for the return of the missing boy. He declares, the authorities say, that he was hired by another person to get the money and that he knows nothing of the kidnapping.

This, postal officials assert, leads them to believe that he also was hired to do the kidnapping. They think the person who hired him was a woman and that the baby is unharmed and in her keeping. State police and postal inspectors are now seeking her.

## COX PLANS LONG TOUR THROUGH MIDDLE WEST

"We Feel That We Can Win,"  
Governor Optimistically Asserts Speaking of Trip

Dayton, O., Aug. 6.—Governor Cox will speak in middle western and eastern states until September and will then go west, it was announced officially today. It was definitely announced that he would speak in New York city on August 28. Other announcements were that Senator Pittman would be in charge of the Panama and Rocky Mountain headquarters at San Francisco, and that Senator Walsh of Montana would succeed Senator Garry as chairman of the senatorial committee.

"We feel that we can win," Governor Cox said, "wherever folks are and where the case can be stated. State lines don't amount to much."

The nominee's speaking plans were arranged with George White, chairman of the Democratic National committee, and Senator Morrison of Mississippi, head of the speakers' bureau, in perfection of campaign organization affairs, ahead of tomorrow's celebration. During this month no elaborate speaking tours will be attempted, but numerous addresses will be made, principally in Ohio, West Virginia and Indiana. Among definite addresses fixed were for the Ohio Democratic convention at Columbus, August 17 and at New York city, August 28. The latter will be made at the Gravesend race track, at the New York police field day games and a crowd of 150,000 persons has been promised.

Speaking dates in New England this month are also under consideration.

## FOR SUFFRAGE CONSIDERATION

Nashville, Tenn., Aug. 6.—Governor Roberts of Tennessee, announced tonight that he would issue tomorrow a formal call for a special of the Tennessee general assembly and that the call would recommend that the legislators consider a ratification of the suffrage amendment to the constitution.

EDWARDS NOT TO ATTEND.

Trenton, N. J., Aug. 6.—Governor Edwards, replying to an invitation of Governor Cox of Ohio, to attend the formal notification ceremonies at Dayton, Ohio, tomorrow, telegraphed that pressing state business prevented the trip.

protected every entrance and exit. Mr. Hild announced that 200 armed men were kept at the darkened windows of the buildings with instructions to shoot if the police line below should give way.

Early today the mob still surrounded the building, but there was no sign of violence.

No attempt was made this morning to operate the cars.

H. H. Tammen, one of the owners of the Denver "Post," whose building was damaged by the crowd, said today he could not estimate damage done by the mob to the "Post" plant.

"The town is without protection," he said. "The 'Post' was treated as usual from its own plant today."

Strike breakers at the South Denver car barns today patrolled the yard in front of the barns with rifles on their shoulders. Last night's two fatalities occurred in a clash at these barns.

## ANGRY MOB ROUTS FOREIGN ELEMENT

Feelings Against Foreigners in  
West Frankfort, Ill., Tense  
For Months

## TROOPS PATROL TOWN

Casualties Are Placed At Five  
—Killed and Wounded Will  
Aggregate Several Score

West Frankfort, Ill., Aug. 6.—With 200 militia men on active duty and more arriving, West Frankfort was quiet tonight after last night's rioting. There were only a few small crowds on the streets and no firearms were displayed. Officials were unable to learn the identity of the five men reported to have been killed.

The factions in the rioting were the English speaking residents and the foreigners. The latter are principally Italians and make up about half the town's population of 11,000. Feeling against the foreigners has been running high for several months and reached a climax with the murder of Tony Hempel and Amiel Calcaterra, whose bodies were found in shallow graves near Royalton Monday.

The foreigners have been suspected of committing a series of recent robberies in southern Illinois and reports that several "blackhand" letters have been distributed in the last few weeks intensified public indignation against these foreign elements.

The majority of the foreigners had left town tonight.

Five Reported Killed.

West Frankfort, Ill., Aug. 6.—After a night of rioting in which five persons were killed and scores injured, comparative quiet was restored today. Approximately 5,000 foreigners, against whom the rioters directed their attack, had left town, and this, coupled with the arrival of 150 militia men of the Ninth Illinois infantry, tended to bring about order.

A number of homes were burned and a pool hall was wrecked. The mob, at its height, numbered 4,000 men. Foreigners fled, taking what property they could with them.

The outbreak started shortly after 10 o'clock last night and continued nearly daybreak.

Findings of the bodies of Amiel Calcaterra, 19, and Tony Hempel, 15, buried in shallow graves yesterday led to the arrest of Settimo de Sennia, who was spirited away from the jail at Marion, near West Frankfort, when county officials learned of the approach of a mob. Two other suspects arrested at West Frankfort also were removed while the mob was demanding their delivery. Attacks on foreigners and their homes quickly followed, according to reports.

A photographer who attempted to take pictures of the mob became the first victim. Reports said he was kicked and beaten to death and his camera smashed.

The mob turned its attention to homes which the terrorized foreigners had vacated and many of these were soon in flames.

According to several reports, Calcaterra and Hempel were slain because they were believed to have gained information concerning the operations of a band which had committed several bank and post office robberies in southern Illinois cities recently.

West Frankfort police were informed yesterday, it is reported, that de Sennia was seen to accompany the two murdered youths out of town in an automobile. It was said they had not been seen since.

## ROOSEVELT QUILTS NAVAL POST

Former Assistant Secretary Leaves  
Immediately for Dayton, O., to  
Attend Notification

Washington, Aug. 6.—Franklin D. Roosevelt, Democratic vice presidential nominee, today concluded his duties as assistant secretary of the navy, and left for Dayton, O., to attend notification ceremonies tomorrow for Governor Cox, the Democratic presidential candidate.

Before leaving the department in which he had served for nearly eight years, Mr. Roosevelt held an informal reception at which he greeted officers and civilian employees. Later Secretary Daniels, on behalf of the employees of 15 navy yards and stations, and the navy department, presented the retiring official with a silver loving cup.

Mr. Roosevelt bade the officers and men of the navy adieu with a message sent by radio to all ships.

## NAVY'S OLYMPIC ATHLETES ARE CHEERED IN ANTWERP

On Board U. S. Frederick, Antwerp, Aug. 6.—(By wireless to the Associated Press)—The U. S. Cruiser Frederick, bearing the navy's Olympic athletes, reached Antwerp at 5:15 this evening and were received with cheers.

The vessel has been assigned dock space above the center of the city, and will be berthed tomorrow morning. The naval athletes are in fine condition.

## ITALIAN STARS ARE VICTORIOUS.

Bunch Hits Off Westcott and Trim the Nine Spots, 3 to 1.

Bunched hits in the third inning enabled the Italian Stars to defeat the Nine Spots in the third game of the Twilight League schedule, which was played last evening at Neuhaw park. The final score was 3 to 1. There was a noticeable increase in the attendance at the game, indicating that baseball fans are coming to realize that the amateurs, so-called, are putting up a good line of ball.

Tom Matthews was on the mound for the Stars, and the Nine Spots were unable to hit him effectively, although in the eighth they succeeded in bringing in one runner. It was in the third that the Italian Stars took a liking to Ev Westcott's deliveries and as a result they gained a two-run lead which they succeeded in maintaining the rest of the way through. The game, which was the first nine-inning contest of the league, was a good one to watch and was certainly well played.

The teams were lined up as follows:

ITALIAN STARS NINE SPOTS  
A. Farone 2b. Barragar  
Joe Diello 1c. Halter  
John Diello 1b. B. Norton  
Mollinari 3b. A. Norton  
A. Diello cf. M. Perry  
B. Diello ss. Delaney  
V. Farone rf. Bishop  
Chicorelli c. Buell  
Matthews p. Westcott

Score by innings: R H E  
Italian Stars 002000100—3 6 2  
Nine Spots 000000010—1 4 2

Struck out—By Matthews, 12; by Westcott, 9.

Had no experience.

An artist was showing a young woman over his studio. After she had critically examined all the pictures, she remarked:

"I notice several sunsets among your works, but not a single sunrise. How's that?"

The artist, who was rather noted for his bohemian habits, blushed a little at the question, and then stammered:

"You see, it's this way. To tell the truth, the reason I've never painted a sunrise is because I'm never up at that time."

## BREAKS WORLD RECORD IN CHAMPIONSHIP MEET

Earl Thomson of Dartmouth broke a world record for the 120-yard high hurdles in the intercollegiate championship games at Franklin field, Philadelphia. Thomson's time was 14.25 seconds, which is one-fifth second better than the old mark, held by Bob Simpson. Thomson is a Canadian and probably will represent Canada in the Olympic games.

## DIAMOND NOTES

Ray Caldwell appears to be much better than early in the season.

In the Chicago-Washington game of June 13 the White Sox had but three assists and all of these went to Eddie Collins.

Seattle, it seems, had its choice of Frank Woodward or Oscar Tuero from the St. Louis Cardinals. It selected Woodward.

Hugh Miller, ex-marine, has resigned from the Texas staff of umpires. His injured leg went back on him and he had to quit.

In a recent game the Houston Buffaloes got 19 men to first base on hits, walks and errors—and yet did not score a run.

Gravath has placed Rawlings at second base and benched John Miller, who started the season like a riot and then slowed down.

Bob Biggs, who has come back to baseball in Texas as a member of the Galveston team, was the demon slugger of the league in 1911.

Charley Schmidt, the veteran manager of the Fort Smith team, has now caught more than 2,000 games since he entered professional ball.

Carl Holling of the Oaks, who was setting the coast on fire at the start of the season, has lost steadily after his first flash of victories.

Cincinnati, Brooklyn, Chicago and St. Louis are the favorites in the National league now, with the odds slightly in favor of the Reds.

It seems that the Indianapolis club had received an offer from a major league club for Ollie O'Mara just about the time he jumped the team.

Bob Higgins, veteran catcher and former field leader of the Atlanta Crackers, has been engaged to manage an independent team in Northern Georgia.

New York is not the only town that is broken out with a bad case of Ruthitis. The fans caught it in Detroit and Cleveland and are pretty sick folks.

The Vernon chroniclers of events say Manager Bill Essick "must obtain another catcher immediately." Al Devorner isn't strong enough for the first string job.

Notre Dame forfeited its baseball game with Indiana university recently because three members of the Notre Dame team were eating luncheon when their train left and missed it.

Boston critics say that two many hits are going between Menosky and Tim Hendryx in the Red Sox outfield and they also note that Hendryx can not throw like a Harry Hooper.

A story had it that Cincinnati had made Oakland a proposal to send two infielders, a pitcher and cash in exchange for Outfielder Hack Miller. The deal, however, was called off.

Of course, John McGraw likes them already seasoned, but don't fail to note that he has made a first string catcher out of young Earl Smith, and that George Kelly also is developing under the Little Napoleon's tutelage.

Mordecai Brown, supposed to have ended his pitching days because of a dislocated elbow, went back into the box for his Terre Haute team the other day and pitched a four-hit game against Rock Island.

Judging from the way Dick Burns swatted the ball when given a chance to play first base for the Mackmen because of Griffin's injury, the A's were not materially weakened by the accident to their regular first sacker.

Pete Johns, who quit the St. Louis Browns last year and said he was done with baseball, but who answered the call of Oil City coin this spring and joined that independent team, has quit again.

## MARKET TURNS UPWARD IN VARIABLE SESSION

Power of Prices to Rally Easily After Being Under Pressure Creates Favorable Sentiment

New York, Aug. 6. — Despite intervals of weakness, the main trend of today's market was decidedly upward for the greater part of the session.

Absorption of high class railroads provided a bulwark against the spells of weakness among industrials. Some new low records were made, but the ease with which prices rallied when pressure ceased created a better sentiment.

The bulls riveted their attention on the seasoned dividend paying railroad issues, which seemed to offer better speculative opportunities and the opinion gained currency that selling of these specialties had been largely overdone. Short covering was on a liberal scale, the rebound in some of the volatile industrials reaching large proportions.

The disturbing European news shook confidence at the outset, and when the steels and other favorites went below recent low figures, the bears resumed selling. Subsequent European advances were of a more hopeful tenor. This had an immediate influence and sterling sold about seven cents above yesterday's closing.

Marking of weekly margin accounts contributed to the heaviness of special stocks, but the general movement lacked the spectacular features of yesterday's dealings.

Foreign government issues for the first time since the Polish situation became acute showed a distinct downward tendency. Outstanding features in the day's movements included a jump of 21 points in Delaware and Lackawanna and reports that a segregation of the company's coal properties was contemplated, and a sharp fall in Atlantic Gulf and West Indies and United Fruit. Call money ranged between six and seven per cent with the higher rate ruling at the close. Bonds moved irregularly with some of the speculative issues reflecting profit taking.

Liberty bonds were also variable. U. S. old bonds were unchanged on call.

## Living Girl in "Dead" Basket.

Denver, Colo.—When an undertaker went to the home of Mr. and Mrs. B. H. Rogers to get the body of Gerald Rogers he mistook the boy's sister, who was unconscious from illness, for the dead. The undertaker placed Ellen Rogers in his mortuary basket and started to carry her out of the house. Mrs. Rogers discovered the ghastly error and called the undertaker back before the girl had been placed in the "dead" wagon.

### MRS. O. POTTER DIES SUDDENLY.

Well known Cooperstown Woman Passes Away From Heart Trouble.

Cooperstown, Aug. 6.—Mrs. Alice Caulkins Potter, wife of Oliver Potter, died suddenly Thursday morning at her home, 12 Peach street, of acute heart trouble. Mrs. Potter was born in the town of Hartwick on June 8, 1874, a daughter of Ceylon and Roxanna Caulkins. She was married in Garrattsville to Mr. Potter on January 4, 1891, and they took up their home in the town of Burlington, where they lived until about 15 years ago, when they came to Cooperstown, since then their home.

Mrs. Potter is survived by her husband, one daughter, Miss Alberta Potter, an employee of the John Wilcox publishing company, one son, Bennett Potter, now located at the navy yard in Newport, R. I., two sisters, Mrs. Frank Quail of Fly Creek and Mrs. Jane Livingston of Laurens, and one brother, Edwin Caulkins.

### Successful Sale for Blind.

The sale for the blind conducted on the veranda of the Fenimore hotel for the past two days netted the handsome sum of \$586, \$49 of which was from the sale of flowers alone. The officers of the New York State Commission for the Blind who had charge of the sale were delighted with the returns and are appreciative of the generosity of Cooperstown citizens.

### SEEN IN SCHENEVUS.

Truth Seekers Hold Enjoyable Picnic: Miss Cleveland Sings.

Schenevus, Aug. 6.—The Truth Seekers and several guests held a very enjoyable picnic at Mrs. Bundy's orchard Wednesday afternoon. Thirty-two ladies were present. The music furnished by Miss Genevieve Cleveland added greatly to the pleasure of the occasion. Miss Cleveland sang three numbers at the moving picture entertainment Wednesday evening which were greatly enjoyed.

## TOOK PHYSIC EVERY NIGHT

Than She Had of "FRUIT-A-LIVES" and Cured Herself of Constipation

Ashford, New York.

"I feel it my duty to tell you what 'Fruit-A-Lives' or Fruit Liver Tablets did for me.

I tried several kinds of physic for over three years; and, of course, while I took it every night my bowels would move, but as soon as I stopped taking physic I would be constipated and would have it terribly.

I heard of 'Fruit-A-Lives' and bought one box and took them. Now I am not troubled any more with Constipation and no more Piles. 'Fruit-A-Lives' did for me what no other medicine ever did; they left no after effects, and now I do not have to use physic.

I recommend 'Fruit-A-Lives' to all my friends."

## LOCALLY TALKED ABOUT.

## Resurfacing the Pavement.

There isn't anybody in Oneonta who does not realize that the brick pavement, especially the older section of it on Main street, is going to the bad, and that repairs or new paving will at an early date be necessary. New pavement would be very expensive and for this reason is at the present time probably out of the question; but it may be possible to make repairs, and if these should prove satisfactory they would defer for a long time the new work which many have been talking about and everybody has been dreading.

The suggestion has been made that as a try-out the section of Main street, brick pavement from its western terminus to Luther street might be utilized. This was the first pavement laid, and it is probably in about the worst condition. If it could successfully be resurfaced with asphaltum or some other suitable preparation, the feasibility of this sort of surface repair would be demonstrated, and for a considerable period at least the evil day of complete relaying might be deferred.

## Need the Parking Ordinance.

The attention of readers is called to the new parking ordinance, which, passed by the city council, has been published in full in The Star. It is a step, which, even if reluctantly, was necessarily taken, since the congestion of cars on Main street had become so great during the busy hours of the day as to interfere to a large extent with traffic. The new regulations are not unreasonable, in fact, they are less stringent than many would have urged; and it is their purpose to serve in the best manner possible the convenience and safety alike of citizens and visitors to the city. It is the intention of the city government to see that this ordinance is enforced; and citizens, who in many instances are chief offenders, are urged to give the regulations careful perusal and to conform to them.

## Horses and the Auto.

When horses were the chief motor power and wagons the only vehicles—and this is not so very long ago, no owner of such a rig thought of leaving it for any long time unattended on the streets. Instead, the owner, if a resident, took the rig to his own stables. If a visitor and intending to remain for some time, the shed or livery or hitching stable received horse and wagon. The present provision is in no way so inconvenient as this. It merely makes definite arrangements as to parking and non-parking and leaves plenty of room for cars at points not inconvenient for shoppers and visitors, and even such restrictions as are made in large part limited as to hours and to certain months of the year. The city welcomes everybody to its streets for business and pleasure, and its regulations are not intended to inconvenience anybody but are rather for the general good.

## Concerning Horke Vino.

Readers of The Star have no doubt perused with interest the announcement recently made that, owing to the objections raised by District Attorney O'Connor, the express companies operating on the Ulster & Delaware line would no longer receive for delivery to points in Delaware county shipments of Horke Vino, which in recent weeks has come into prominence as a proprietary medicine with such a "kick" in it as to make it by lovers of the ardent a preparation much to be desired. Counting upon it, the suggestion has been made that the interdiction as to shipment might very well be made more general—that in fact it should include every section where the size of the shipments and their destination make it evident that it is being sold for beverage purposes. Since shipments hereabouts are very few of them made to drug stores, it is evident that the bottled product is not generally being used as a medicine. The attorney general of the state, it would appear, is the proper person to take the matter up in a general way, since only he can have more than local authority.

## Chenango Has Tuberculosis Nurse.

Miss Catherine Scully, a graduate of the Rochester General hospital, has been chosen as tuberculosis nurse for Chenango county and has begun her duties. The employment of a county nurse follows a meeting at Norwich on July 21, at which there was much constructive criticism of the management of the Brookside sanitarium near Chenango. The salary and expenses of the nurse are paid from the sale of Red Cross seals.

## Some Picker of Peas.

Mrs. Byron Winters of West Burlington doubtless wins the belt among the energetic workers in the Otsego county green pea district. On Monday of last week she picked seventy bushels in seven hours on the farm of Albert Talbot.

## Schoharie Democrats Will Designate.

The Democrats of Schoharie county meet at Schoharie village today to recommend a ticket to be voted at the September primaries. As Mr. VanWagoner does not seek re-nomination, the names of D. C. Dow and Barner Aker, both of Cobleskill, have been suggested for assembly. There are three candidates for district attorney recommendation—F. Walter Bliss and G. Norton Frisbie of Middleburg and Albert Baker of Schoharie. James Oliver, son of the present sheriff, will probably be the nominee for that office.

## Family Reunions.

The Clark-Knapp reunion will be held at "Cedarcrest," Edmeston, August 10.

The Taylor annual reunion will be held at the home of Ralph W. Ellsworth in Cooperstown on Tuesday, August 10.

The Parker reunion will be held at the home of George Ward, near Garrettsville, August 11.

## Does Walton Want a Hospital?

Walton may have a hospital. An unknown person offers the gift of one of the finest residence properties in the village for hospital purposes without any restrictions or conditions to the gift.

The question now is whether the citizens of Walton wish a hospital and will support one.

## Speeding Autos in Afton.

The Afton Enterprise of this week gives notice that there has been a great deal of speeding lately on the main streets of that village, and that it will be stopped. The Enterprise warns "residents at least" to look out for the officer; but other drivers ought as well take warning.

## D. E. Robinson

Has another fresh stock of tires: Pisk, United States, Firestone, Ajax, both cord and fabric. It will pay all who want real value to call and look the large stock over. You can find what will give you most miles for your money. I also have a fresh supply of dry cell batteries, every one good, and hundreds of other supplies. Always remember, that I stand back of everything I sell as well as the different companies. Help the man that always helps the trade. ## Norwich May Have New Eagle Hotel.

Negotiations are afoot for the purchase of the Eagle hotel, long a landmark and the principal hotel of Norwich, and to tear it down and build a modern structure on the same site. The present owner had planned to repair the present structure at an expense of about \$15,000, but the new company, which has had in mind the construction of a modern building, believes the present Eagle site the best in the city; and the purchase would eliminate that hotel as a competitor. The price asked is \$35,000, and A. H. Goodwin, the present owner, will take \$5,000 in stock.

## VanWagoner Withdraws.

Jared VanWagoner Jr., present assemblyman from the county of Schoharie, has withdrawn as a candidate for re-nomination. Much discussion lately had revealed the fact that many of his constituents were opposed to his attitude relative to seating the five Socialist members of the legislature last winter, and in a letter to the press of the county he states that he neither expects nor desires a re-nomination. At the same time he makes it clear that he offers neither explanations nor apologies relative to his course in voting in favor of seating the Socialists.

## Birthday Surprise Party.

A surprise party was given recently at the home of Mr. and Mrs. George Long, 18 Miller street, in honor of the twentieth birthday of their twin sons, John and William. About 25 guests were present and spent an enjoyable evening of music and dancing, after which delicious refreshments were served.

## FOR FAIR VISITORS

Syracuse Chamber of Commerce  
Busy Locating Available  
Rooms.

Alone to the difficulty experienced by some visitors to the State Fair in obtaining rooming accommodations the Syracuse Chamber of Commerce has been busy for months locating all of the rooms in private residences which may be rented during the fair. The home owners of Syracuse have responded in a most encouraging manner and it is figured that thousands of visitors to the city during the big exhibition in September can be accommodated in this way.

People who wish to reserve rooms in private Syracuse homes are requested to write to the Secretary of the Syracuse Chamber of Commerce who will be glad to furnish location of homes where rooms may be had, description of accommodations and prices.

The people of Syracuse look for a record crowd this year and they are anxious to have visitors impressed with the city's hospitable spirit.

### LOCAL MENTION.

Schenectady vs. Cubs this afternoon at Neahwa park.

The concert by Co. G band at the corner of Ford avenue and Main street, this evening will commence at 8:30 o'clock.

The fifth in a series of summer concerts given independently by the Oneonta City band will be rendered on Sunday afternoon at Brown's park, commencing at 4 o'clock.

Rev. Dr. Chas. M. Olmstead, who will be remembered by many as being a local boy, will deliver the sermon, Sunday morning and evening, at the First Methodist church.

The Oneonta fair premium book has just been completed by the Otsego Publishing company with more pages than ever before. It is a nice job, and the books will be for free distribution at the Wilbur National bank as long as the present supply lasts.

### Blazing Awning at Williams' Market.

A fire, presumably originating from a lighted cigarette, destroyed the awning on Williams' meat market at 35 Chestnut street shortly after midnight this morning. When midnight strollers saw the awning ablaze, they turned in an alarm from box 32, at the corner of Main and Chestnut streets, and the fire department was soon on the scene. The blaze was quickly doused and aside from destroying the awning, no damage was done, the commoner not even awakening some of the sleepers in the apartments over the market.

### Home for the Dodge Completed.

The Traver, Blak company, Inc., dealers in Dodge Brothers' cars, has completed alterations and redecoration in the former Holmes garage on Broad street, which they recently purchased. The interior and exterior have been repainted, a sales room 40 by 24 feet has been completed, and a stock room constructed for parts which are now in stock. The company is conducting a service station for Dodge Brothers' cars. The Johnson Trucking company of Queens, L. I. have moved the property of W. J. Blair to Oneonta.

### Meetings Today.

Regular meeting of the W. R. C. this evening. As this will be the only meeting during the month of August, ladies will please come prepared to pay dues.

The Burroughs club picnic takes place today. Each member is asked to buy a ticket for Davis Switch on the trolley road and take the car leaving at 1:10, city time. Carry refreshments.

### Schenectady Team to Play Cubs.

The fast Schenectady illuminating team will play the Cubs this afternoon at Neahwa park at 4:15. The Schenectady team has a reputation of playing all of the fast teams in Albany, such as the Bonackers and K. C.'s of Schenectady and the Cubs will have to step some in order to keep the victory in Oneonta. Oneonta will play at Cortland tomorrow.

### BIG INDUSTRIAL MEET.

Local Amateur Athletes Have Chances to Participate in Events Aug. 28.

Amateur athletes in Oneonta and vicinity will be interested in the announcement that they will be given an opportunity to participate in the big industrial meet to be staged at Johnson Field, Johnson City, on Saturday afternoon, August 28. Although the meet is under the auspices of the Binghamton Industrial Athletic Association, an open athletic meet will be staged, open to all amateurs irrespective of attachment or record. Eight events are on the program for this meet. They include the 100-yard dash, 220-yard dash, half mile, mile, running broad jump, running high jump, pole vault and shot-put. Silver and bronze medals will be awarded the winners in the open events. Any amateurs of this vicinity interested in the meet are urged to communicate with the Binghamton Industrial Athletic Association for further details.

In addition to the open events, there will be a closed meet which is for Binghamton people only. All industrial plants of that city are expected to close down for the day and if present plans carry it will be "some action" for those who like good sports. A baseball game between the champions of the Binghamton Industrial league and the Johnson City industrial league will be another feature.

### STAMFORD'S BIG BENEFACTION.

"Hillover Cottage," Presented by N. P. Young, Opened as Stamford Hospital.

The Hillover cottage, which formerly belonged to the Churchill estate at Stamford, was last winter bought by N. P. Young of that village for the purpose of providing a village hospital. On consideration it was determined that the best plan would be to organize under a state charter, similar to that of the Fox Memorial hospital of Oneonta. This was accordingly done last month, and the hospital is now open for the reception of patients.

The first operation was performed last Sunday, the patient being the four-year-old son of Dr. Fred Jennings, a prominent Brooklyn surgeon, whose family is stopping in Stamford for the summer, who became seriously ill of appendicitis. The operating surgeons were Drs. Griffin and Schmidt, the latter a summer visitor. The patient is progressing satisfactorily.

The officers of the hospital society are: Nicholas P. Young, president; John P. Grant, vice president; John E. Safford, secretary, and Samuel C. Robinson, treasurer.

### Picnic at Neahwa Park.

The Woman's Foreign Missionary society of the First Methodist Episcopal church entertained the Standard Bearers' society and the Queen Esther society at a picnic in Neahwa park yesterday afternoon and evening, commencing at 2 o'clock. Refreshments were served from 5 to 6 to a goodly crowd and the time was pleasantly spent in the enjoyment of games and other diversions.

### Hello! Women.

I hope you'd not get too bumpy over the ballot and the voting question. Let's have just a short "honest injun" talk. You've kept the home for hundreds of years and have learned how to do it much better than men, but when it comes to investing money safely, the majority of you make a darn bad mess of it. I've known a lot of you who have been left goodly amounts of life insurance money, etc., and have kissed it good bye to the first get-rich-quick-fraud, sharp who came along and promised 15 to 20 per cent gain. It's pitiful, for I've heard them take on and cry about it to beat the band. Say, do you know that here in Oneonta for 31 years I have had 12 good, honest, reliable and experienced men, who have learned how to invest money safely, as you have learned how to safely keep the home and that with the help of Uncle Sam they have safely made small as well as large amounts roll up to several million dollars, at compound interest, and without the loss of a dollar placed with me? Well, I'm still on the job and you should know and appreciate that I am now starting another big bunch of inexperienced men as well as women to thus roll up half a million more. It's no undue gain to me or to my 12 good men whether you let this little honest injun talk wake you up and benefit you or not. Good bye. I am the safe and sane Oneonta Bonding and Loan association. 12

### ABANDONS SEARCH FOR WIFE.

Unadilla Man Turns Case Over to County and State Authorities.

Patsy Rose of Unadilla, who, as noted some time ago in these columns, has been searching for his wife, whom he believes was kidnapped, has given up efforts to locate her himself and has turned his case over to county and state authorities.

According to the story told by Rose, his wife disappeared one day while she was picking berries near Unadilla with her 14-year-old brother, Herman Wheeler. Rose says he has witnessed to the fact that Mrs. Rose was accosted by persons in an automobile traveling towards Binghamton and invited for a ride. This was the last seen of her.

Rose went to Binghamton the night after his wife disappeared and notified the Binghamton police and District Attorney U. C. Lyons. Since then he has been touring the state in his auto in an effort to locate his wife. He reached Syracuse the first of the present week and went to see Assistant District Attorney S. E. McClusky. After a long talk, he resolved to return home and swear out two warrants. One will be for a man whom Rose says is a draft evader and the other a woman. Both will be charged with taking his wife away. Then the search, it is promised, will be taken up by the state troopers and by officials of several counties. Rose was convinced by Mr. McClusky that he would make little progress trying to follow each clue alone.

### NEW RATES EFFECTIVE SEPT. 1.

Tariff of N. Y. State Gas Corporation Filed—Price in Oneonta \$2.25.

The New York State Gas and Electric corporation, operating in Ithaca, Norwich, Oneonta, Cortland and Homer, announces that its new gas tariff will go into effect on September 1. Ithaca and vicinity is to pay \$2.00 per thousand, Norwich is increased to \$2.25 per M., and Cortland to \$2.50 per M.

In Oneonta the rates will be as follows: Straight line rate for light, fuel or other purposes, available to all consumers, increased from \$1.55 a thousand cubic feet to 22.5 cents a hundred feet. Gross bills will be rendered with one cent a hundred feet added to net rate and discounted to net rate if paid on or before the tenth of the month.

The above addition to rate and prompt payment discount are made in all the cities named in which the company is operating.

### Salvation Army Not Canvassing.

Captain William Harrison, of the local Salvation army, desires The Star to state that at present no canvass is being made here for funds to carry on the work of the organization. It is understood that solicitors with uniforms similar to the Salvation army are active in the city and some Oneontans believe they are giving money to the Salvation army when they make donations. The army makes but one canvass annually, and this has just been completed for 1920.

### OFF FOR THE "DAM."

Goodyear Lake Will Be Scene of Boy Scout Camp.

The Boy Scout camp at Goodyear lake promises to be the scene of some very fine times in the next two weeks. Seventeen lads of the city will start out Monday morning at 8 o'clock with their faces turned toward the "big dam," provided funds have been received prior to that time to complete the enterprise. It would be greatly appreciated by the management if some of the motorists of the city would donate the use of their cars for that morning and help transport the boys and the supplies to the camping grounds.

After one week in camp, this first squad of Scouts will be replaced by the remainder of those who are planning to go. Sixteen are expected to turn out at this time and enjoy to the best of their ability their week in camp. The lake will give a fine opportunity for bathing and boating, while a baseball diamond has been procured for their use. Everything that will be appreciated by boys will be done to make the outing a pleasant one.

### COBLESKILL BURGLARS HELD.

Men Who Robbed Lambert Store Two Weeks Ago Captured at Troy.

Frank O'Brien and Ambrose Geary, who burglarized the clothing store of E. H. Lambert of Cobleskill on the night of July 22, were arrested in Troy on Monday, and in their possession were found dozens of silk shirts, collars, ties and socks, stolen along with fifty suits of clothing in the Cobleskill raid. The men are old law birds and had been free from Auburn state prison only since June 11. When arrested in Troy they had in their possession \$1,000 in Liberty bonds, stolen at Lake Champlain. The many Oneonta friends of Mr. Lambert will congratulate him on his success in recovering a large share of his property.

### Two Traffic Violators in Court.

Motorcycle Policeman O'Dell captured another speeding tourist yesterday and when arraigned before City Judge Huntington he admitted the offense and was fined \$5. He gave his name as Walter C. Oakman.

One other traffic violator was in court yesterday and deposited \$1 into the treasury for leaving his car unlighted on the streets.

### Millinery Removal Sale.

## ON HUNDRETH BIRTHDAY.

Mrs. C. C. Brittan Entertains Children and Grandchildren at Esperance.

Yesterday proved an ideal day for the celebration of the one hundredth birthday anniversary of Mrs. Charlotte C. Brittan, and a party of 16 relatives and friends gathered at the home of her daughter, Mrs. Nelson Jones, in Esperance, to remind her of the happy occasion. Mrs. Brittan received her guests in as graceful a manner as one of much fewer years, and made everyone feel at home. The guests arrived in the morning, and at noon were served a bountiful dinner by Mrs. Jones, the feature of which was a large birthday cake bearing 100 candles. The table was decorated with flowers, a number of bouquets having been brought by the guests.

The visitors of the day found Mrs. Brittan in a happy mood and they noted no apparent decline in her condition since they last saw her several years ago. She greatly enjoyed the visit of her children and grandchildren, and kept them keenly interested with stories of her remembrances of years long past. Mrs. Brittan has lived through a wonderful century of progress and has seen great things come about. The guests all joined in wishing Mrs. Brittan many more happy birthday anniversaries, and the friends of the aged woman will unite in this expression.

Those present at the observance were Mrs. Anna Street, A. B. Street and Frank L. Street of Oneonta, Mrs. James Brittan of Albany, Mrs. L. M. Brittan and daughter, Alida, and Mr. and Mrs. Robert Barrie, of Scotia. Mr. and Mrs. N. W. Mills and daughter of Binghamton, Mrs. Lillian Witbeck of Richmondville, and Mr. and Mrs. Charles Brittan and Mr. and Mrs. Nelson Jones of Esperance. With the exception of Frank Street, who was obliged to return to this city last evening for business duties today, all of the guests remained at Esperance for a week-end visit with Mrs. Brittan.

Mrs. A. B. Street of this city had planned to be present at the birthday observance, but was prevented on account of ill health.

## Conductors at Fellow Worker's Funeral

A delegation of the local branch of the Order of Railway Conductors was present at the prayer services held yesterday afternoon for Charles O. Rounds, a D. & H. conductor, at his late home, 26 Ford avenue. Rev. Dr. C. S. Pendleton, pastor of the Main Street Baptist church officiated. There was a profusion of beautiful floral tributes, including a piece from the Conductors' organization.

The body was taken to Binghamton last evening and funeral services will be held there today at Cornell's chapel. Burial will be in Glen Castle cemetery.

## Card of Thanks.

The family of the late Mrs. John W. Moak desire to express their thanks and appreciation to neighbors and friends who had shown such helpful kindness to the deceased in her final illness, and whose helpful sympathy had been extended to the bereaved ones in the hours of their great sorrow.

## WILL HAVE 1,700 MEMBERS.

Ontario County Farm Bureau Does Well Despite Doubled Fees.

According to the last issue of the Farm Bureau News the bureau now has enrolled 1,652 members for the year 1920, and there is every indication that the figures for the entire year will go above 1,700. As the membership fee a year ago, when the membership was 2,211, was only one dollar, and it is this year doubled, the above statement is very satisfactory. The increase was made necessary by the cutting off of a large part of the federal appropriation. Already 12 communities have gone above last year's total, the roll of honor at this time including the local bureaus at Cherry Valley, Decatur, Cooperstown, business men, Edmeston, Harbick, Hartwick Seminary, Ketchum, Mt. Vernon, Plainfield Center, Richfield Springs, Springfield Center, and Worcester. Oneonta business men have taken 80 memberships, Oneonta farmers 24 and the Plains 14.

## Funeral of Mrs. John W. Moak.

There was a goodly attendance yesterday afternoon at the funeral services of Mrs. John W. Moak, which were held at the family home on Draper street. Her pastor, Rev. Dr. C. S. Pendleton of the Main Street Baptist church officiated, reading appropriate passages of scripture, following with a brief comforting discourse and closing with prayer. Burial was in the family plot in the Plains cemetery. The bearers were Burr Merchant, Lettoy Schaffer, Thomas Homer and John Johnston, all neighbors and friends of the deceased.

There were many beautiful floral tributes, among them being pieces from the Main Street Baptist church, Bible class and Sunday school.

Among those present from out of the city were Mr. and Mrs. Edward Effenburgh of Delanson, Mr. and Mrs. Ralph Gurney of Ithaca, Mr. and Mrs. Earl Moak of Worcester, Mr. and Mrs. Louis Boyd and family of Utica, Miss Florence Baldwin and Mr. and Mrs. Leonard Cross of Maryland, and Mr. and Mrs. Charles Spencer of Port Jervis.

## Real Estate Transfers.

A. J. Bookhout of 37 Maple street has sold his property at 3 Third street to Worley Wood of Oneonta. Possession will be given about October 1, at which time Mr. Wood will occupy the property as a residence.

H. M. Bard & Son have sold for Fred Sheppard of Otsego his property at 12 Gilbert street to Lyman O. Bunnell of North Franklin. Possession will be given about September 1, at which time Mr. Bunnell will occupy the property as a residence.

## Interment at Plains Cemetery.

The body of the late Mrs. John A. Kimber who died recently in Atlanta, Ga., will be brought to this city Monday for burial. There will be brief services at the Packer undertakings rooms at 11 a. m., standard time, and the burial will be in the Plains Cemetery.

Don't forget the dance at Smalley's pavilion, Cooperstown, each Tuesday and Friday, rain or shine.

ICE CREAM SPECIAL IN CLEVELAND-WASHINGTON  
FLIGHT TESTS ICELESS REFRIGERATION

Washington welcomes limousine airplane guests from Cleveland. Left to right: Arthur A. Chapin, C. I. Fisher, Earl B. Gaddis and Ralph A. Lee. Chapin and Gaddis were on the reception committee of local citizens, while Fisher and Lee drove the plane to the nation's capital.

Keep your look out! The ice cream man may drop in on you most any time. At least, he is flying now delivering ice cream from city to city.

The first test of city-to-city delivery of ice cream was made this week and while not made for record purposes, it established a record for the longest flight ever made in a limousine airplane and also an altitude record of 19,710 feet. The flight from Cleveland to Washington was made with only one short stop to repair the plane's water system. The test was observed with interest by Washington scientists

from the fact that no ice was used and yet the cream, after the three-hour flight from Cleveland to the National Capital, was found to be in perfect condition. It was carried under the new scientific method of iceless refrigeration, known as the thermopack, capable of holding either cold or heat for a great length of time.

The trip proved to the satisfaction of the scientists that ice is not a necessity in carrying and preserving ice cream. It is understood the new method can be applied to keeping things hot as well as keeping things cold, since even after the flight through the clouds the cream

arriving at Bolling Field was in as good condition as though purchased ten minutes before at the corner drug store.

The event proved of special interest to aviators from the fact that the flight was made in a three-passenger airplane limousine. The three men who made the flight were Bernard Whelan, pilot; C. I. Fisher, plane mechanic, and Ralph A. Lee, in charge of the shipment.

On arriving at Washington, a portion of the cream was presented to President Wilson and the remainder was distributed to the little sick folk at the Children's Hospital.

## DELIGHTFUL STREET PICNIC

Residents of Division Street, Delhi, Enjoy Their Annual Event.

Delhi, Aug. 6.—For a number of years the residents of Division street in this village have enjoyed picnics and good old-fashioned home times together. This occasion was once more very enjoyably held at the home of Miss Alice Stilson, who has been the president of this gathering from its birth, on Thursday evening at 5 o'clock. As the hour approached, a passerby might see the ladies of the street dressed in their best and each bringing an article of food. The tables were set on the porch and also on the lawn and the guests seated. The menu consisted of creamed potatoes, creamed veal, sandwiches, pickles, peas and carrots, yes and one may go on forever, as there was practically everything in the eatable line, finally ending with our old time friend, ice cream. Following the dinner, a short business hour was held with our esteemed president presiding, some music also provided by her and then Mrs. Carl Arnold gave a very interesting recitation. After a short time of real good times, the company broke up for the evening, well satisfied that as each year comes round Division street is more and more on the map of Delhi.

Movies and Dance Well Attended.

The movies, "Peppy Polly," and the dance, which were held in the Opera house on Thursday evening for the benefit of the Catholic Young People's society, was a grand success. The movies were well attended and proved very fine, and the dance also was well patronized. The society took in over \$225.

## VENTILATION IN METAL MINES

An Economic Fault That Should Be Remedied, Says Federal Engineer.

## LIVES AND EFFICIENCY LOST

One Thousand Die Annually From Miner's Consumption, Chiefly Caused by Dust—Time Lost Aggregates Millions of Dollars.

Washington.—The desirability of efficient control of air currents and the necessity of supplying metal mine workers with better and safer working conditions has created an active interest in metal mine ventilation, especially in recent years. In a paper just issued by the United States bureau of mining the writer, D. Harrington, mining engineer of the bureau, discusses the subject both with regard to efficiency and economy as well as safety and health. It is based on personal observations of Mr. Harrington during more than four years' study of metal mines in six states, in which more than fifty mines were visited.

In coal mines ventilation is generally regarded as essential, but in many metal mines, especially shallow ones, the operators pay little attention to ventilation, or ignore it altogether, says the writer. Mr. Harrington says:

"There is greater necessity for adequate ventilation of metal mines than of coal mines. The latter require air currents to remove explosive gases and the fumes of explosives, but metal mines, in addition to the need of removing fumes of explosives and occasionally explosive gases, frequently have need of removing dusts dangerous to health, reduction of high temperatures and high humidity, and removal of inert, but unhealthful gases."

The main features affecting metal-mine ventilation as outlined in part by Mr. Harrington, are:

**Movement of Air.**—This involves effects of air movement at various temperatures, humidities, and with certain gases present, and the advisable velocity of current to use.

**Temperature.**—The temperature of the air in a metal mine is influenced by the outside air temperature, underground rock and water temperature, oxidation of ores and timbers, mine fires, friction of air due to velocity of flow, movement of ground, firing of shots, quantity of air circulating, heat from breathing of men and animals, heated air from other mines, heat from electric motors and other machinery.

**Humidity.**—The humidity of mine air depends on the relative humidity of surface air, wetness of shafts and workings, the velocities, quantities, and temperatures of the air circulated. Where small fan units are employed to force air through galvanized iron or canvas tubing, these also affect the humidity through absorption or deposition of moisture.

**Mine gases and dusts.**—The intake air is usually pure, except in rare instances where smoke or dust from surface works may be present. The air in the mine changes through breathing of men and animals, burning of lights, oxidation of ore or timber, gases issuing from strata, gases from mine fires, fumes from explosives, gases from compressed air, gases from operation of machinery, dusts from drilling, blasting, shoveling and other work.

## Studied by Experts.

The writer says that the bureau of mines and the United States public health service, in conjunction with the investigation of mine dusts and gases, are studying effects of temperature and humidity on workmen's health and efficiency.

"Few mines having humid hot working places with no circulation have escaped without one or more fatalities from 'heart failure,' which is really heat prostration," says the writer. "yet proper air circulation would make these mines endurable."

"In some mines where gases such as nitrogen or carbon dioxide issue from the strata, fatalities and many cases of gasping have occurred from inadequate ventilation; the remedy is force or pressure ventilation with constant vigilance. Many lives have been lost as well as much property, from fires in metal mines because no ventilating equipment arranged to control the air currents in such an emergency had been provided."

"Miners' consumption probably kills at least 1,000 metal miners annually in the United States, and causes a loss of time aggregating millions of dollars; the misery and suffering to miners and their families cannot be estimated. Yet the causes of this disease could be reduced 75 per cent, if not wholly eliminated by proper preventive measures on the part of operator and miner, one of the most potent measures, as previously mentioned, is adequate ventilation."

Just Like an Apple to Marjorie. Little Marjorie, who is three, told her mother, the wife of a Muncie manufacturer, the other evening, that while the mother was up town shopping she had been taken by a servant to call on her father in the latter's office.

"What time did you go?" asked the mother.

"Oh, in the core of the afternoon," replied the little girl.

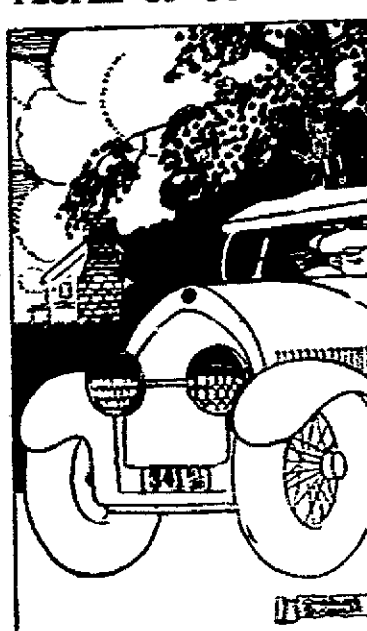

"Mother doesn't understand what you mean by the 'core' of the afternoon." It was explained to Marjorie.

"Why, I mean the middle," she said simply, as wondering at the ignorance of grown folks.—Indianapolis News.

## BOYS TOOK CRUISE ON LOG

Spent Three Days on Lonely Uninhabited Stretch of Shoreline.

Running away from the parental home on Mercer Island, Wash., Henry Knowles and Comfort Harding, two young boys, boarded a log and paddled more than a mile at night over the chilly waters of Lake Washington.

They landed on an uninhabited stretch of Lake Washington shore line and spent three days in the brush. They had blackened their faces with creosote to escape the guards at the parental home, and a teacher's wife, thinking they were out for a holiday, gave them a can of baked beans and some matches. The baked beans were all they had to eat during the time they lived their lonely existence.

Deputy sheriffs looking for moonshiners stills found the boys and returned them to the home.
